REPORT

A Mock Parliament is a simulation of legislative proceedings in a parliamentary democracy. In a mock parliament, participants role-play members of parliament and discuss an entire spectrum of real-world social, geopolitical and economic issues such as GST, Doklam or industrial emissions. Each participant has to balance their personal views, their party's views, their constituency's views, existing national policies, and the constitution of their country.

Objectives of Inter Collegiate Mock Parliament Competition:

1. To make students understand the parliamentary procedure.
2. To develop in students an insight into the working of parliament
3. To make students consider public issues and form their opinion on them.
4. To train students in the technique of group discussion
5. To develop in students an ability to arrive at a decision after group discussion.
6. To develop them in them respect and tolerance for the views of others.
7. To develop in them an understanding that respect for rules is essential for conducting any discussion systematically and effectively.
8. To train students in group behavior.
9. To make students aware of various problems facing our society and the country.
10. To develop in students the quality of leadership.
