Dr. Ganesh Raut

Principal

Title of the Practice: "A Visit to Jivandhara Vidyalaya"

Objective of the Practice:

- To provide support in their *general education* programs.
- To help our students to develop social skills and empathy.
- understanding the learning tactic of Special disabled children and to provide them with some basic training sessions.
- Providing love and affection to the **specially abled** students.
- To integrate the specially abled children with normal children.

The Context: This activity has been conducting since last five years, Due to Covid-19 pandemic academic year 2019-20 and 2020-21 ,the students were totally depended on online media, but since many of them were not having mobile and some parents were not able to use the online media . Still we saw that efforts were taken by the school authorities to educate them. Also since the students were not available in offline the activity was conducted in offline mode. The Children were very interactive and happy.

The Practice: A visit to Jivandhara Vidyalaya is organized every year. As part of this three to four faculty members and few students (nearly about 20) visit the school. We also provided the necessary teaching aids and stationery like Craft materials ,charts,toys etc. The College students also interact with the special able students ,and play games with them. The interaction during the event helps our students to build relationships and understand different perspectives. We got to know that these children required skill teachers to teach them and also the difficulties teachers face while training them.

Evidence of Success: Activity has been continued for consecutive 5 years.

Problems Encountered and Recourse Required :Budget provision can be increased.

Report : Visit to Jeevendhara Vidyalay on 20th Dec.2021

The Department of Computer Science conducted an online session on **December 20, 2021 at 12.00 noon** for the special abled students.

They were asked to identify the pictures, show the colorful household items according to the given color, one of our student did the craft activity, one student danced for them and we all had great interaction with kids. The session ended with good wishes.

After the end of the online session, **at 1.30 pm, we visited the school for special abled students at "Jeevandhara Vidyalaya"** and gave them the necessary items for lectures and learning (like puzzles, colors, drawing books as well as 25 kg of rice and 4 kg of turi dal etc.).

We are grateful for all the helping hands and students.

Co-ordinated by

Ms. Deepali Dalvi and Ms. Shubhada D Litke.
